Yong Min Choi

최용민 (崔容敏)

E-mail	yong.min.choi@dartmouth.edu
Phone	+01 614 390 7022
Website	https://yongminchoi93.github.io
Current Affiliation	Dartmouth College (https://sites.dartmouth.edu/stoermerlab/)

• Appointments

2025 Aug -

Post-doctoral Research Associate
Dartmouth College, Hanover, New Hampshire, USA
Dept of Psychological and Brain Sciences

Advisor: Dr. Viola S. Störmer

• Education

2020 - 2025

The Ohio State University, Columbus, Ohio, USA
Ph.D. in Cognitive Neuroscience, Dept of Psychology
M.S. in Cognitive Neuroscience, Dept of Psychology

Advisor: Dr. Julie D. Golomb

2018 - 2020

Yonsei University, Seoul, South Korea
M.S. in Cognitive Science, Dept of Psychology

Advisor: Dr. Sang Chul Chong

2012 - 2018

Yonsei University, Seoul, South Korea
B.A in Psychology (Joint major in Cognitive Science)

Advisor: Dr. Sang Chul Chong

- **Invited Presentations**

Choi, Y. M. (Apr 2026, *In-person*). Introduction to Eye-tracking in Cognitive Psychology. Invited Lecture in *Bilingualism in the Spanish Speaking World* (SPAN53.03), Instructor: Dr. Roberto Rey Agudo, Department of *Spanish and Portuguese, Dartmouth College, New Hampshire, USA*

Choi, Y. M. (Mar 2026, *In-person*). The Multisensory Brain: Spatial Integration and Neural Architecture. *Science and Art of Human-AI Systems Lab (SAHAS Lab; PI: Dr. Nikhil Singh), Computer Science Department, Dartmouth College, New Hampshire, USA.*

Choi, Y. M. (Dec 2025, *In-person*). Human Visual Perception Across Eye Movements: Predictive Remapping of Receptive Fields. *Department of Psychology, Chungbuk National University, South Korea.*

Choi. Y. M. (Jun 2025, *In-person*) Through the Eyes of the Brain: Receptive Field Remapping in the Human Visual Cortex. *CCBS Undergraduate Summer Institute, The Ohio State University, Ohio, USA.*

Choi, Y. M. (Apr 2025, *virtual*). Through the Eyes of the Brain: Maintaining stable visual perception across saccadic eye movements. *Joint Lab Meeting at Dartmouth College (PI: Dr. Brad Duchaine, Dr. Caroline Robertson, Dr. Peter Tse and Dr. Viola Störmer), Hanover, New Hampshire, USA.*

Choi, Y. M. (Mar 2025, *In-person*). Through the Eyes of the Brain: Receptive Field Remapping in the Human Visual Cortex. *2025 Midwest Regional Conference (MRC), Urbana, Illinois, USA.*

Choi, Y. M. (Aug 2024). Visual perception and saccadic eye movements: perceptual impairment and stability mechanisms. *Vision and Perception Neuroscience Lab (PI: Dr. Kalanit Grill-Spector), Stanford University, CA, USA. (Virtual)*

Choi, Y. M. (Jun 2024). Visual perception and saccadic eye movements: perceptual impairment and stability mechanisms. *Laboratory of Brain and Cognition (PI: Dr. Chris Baker), National Institute of Mental Health, MD, USA. (Virtual)*

- **Conference Presentations: Talk**

Choi, Y. M. & Golomb, J. D. (May 2025). Voxel-wise predictive encoding models reveal evidence for pre-saccadic remapping in the human visual cortex. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y. M., Chiu. T. Y., Golomb, J. D. (May 2024). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y. M., Chiu. T. Y., Golomb, J. D. (Nov 2023). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *Center for Cognitive and Behavioral Brain Imaging research day*, 2023, Columbus, Ohio, USA.

Choi, Y. M. & Golomb, J.D. (April 2022). Department of psychology Spring Graduate Student Research Forum.

Choi, Y. M., Cho, J. E., & Chong, S. C. (July 2021). Interaction between current perception and recent multi-feature ensemble representations depending on task-relevance. *the Korean Society for Cognitive and Biological Psychology*.

Choi, Y. M., Cho, J. E., & Chong, S. C. (June 2021). Task-irrelevant statistical ensemble memory of a scene affects current perception. *the Virtual Working Memory Symposium*.

Choi, Y. M., Park, H. S. (May 2016). The effect of sleep on the type of memory associated with a traumatic event. *The Korean Society for Cognitive Science Annual Spring Conference*.

- ## Conference Presentations: Poster

Choi, Y. M., Störmer, V. (June 2026). Sustained Auditory Spatial Attention Facilitates Visual Processing. *The 24th International Multisensory Research Forum,* Genoa, Italy.

Choi, Y. M., Störmer, V. (May 2026). Sustained Auditory Spatial Attention Facilitates Visual Processing. *the Vision Sciences Society annual conference,* Florida, USA.

Choi, Y. M., Golomb, J. D. (Dec 2025). Voxel-Wise Predictive Encoding Models Reveal Evidence for Pre-Saccadic Remapping in the Human Visual Cortex. *Society for Neuroscience,* San Diego, California, USA.

Choi, Y. M., Golomb, J. D. (Dec 2024). Voxel-Wise Predictive Encoding Models Reveal Evidence for Pre-Saccadic Remapping in the Human Visual Cortex. *Center for Cognitive and Behavioral Brain Imaging research day,* Columbus, Ohio, USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Jun 2024). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *Organization for Human Brain Mapping, 2024,* Seoul, Republic of Korea.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Nov 2023). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *The Society for Neuroscience,* Washington, D.C., USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(May 2023). Post-saccadic impairement of scene perception. *the Vision Sciences Society annual conference,* Florida, USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Feb 2023). Exploring Scene Perception Following Saccadic Eye Movements. *Edward F. Hayes Advanced Research Forum,* The Ohio State University, Ohio, USA.

Choi, Y.M., Golomb, J. D.(Nov 2022). Stimulus regularities help protect visual perception from peri-saccadic impairment. *OPAM, B*oston, USA.

Choi, Y.M., Golomb, J. D.(May 2022). The effect of stimulus regularity on peri-saccadic perception. *the Vision Sciences Society annual conference,* Florida, USA.

Choi, Y.M., Golomb, J. D.(June 2021). Does average size of an ensemble bias individual size representations during perception or working memory retention?. *the Virtual-Vision Sciences Society annual conference.*

Choi, Y.M., Chong, S. C. (June 2020). The effect of holding multi-feature ensemble in visual working memory on perception. *the Virtual-Vision Sciences Society annual conference.*

Choi, Y.M., Chong, S. C. (May 2019). Attending to individual size modulates mean size computation. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y.M., Chong, S. C. (Feb 2019). Effect of attention on individual size in mean size computation. *the Korean Society for Cognitive and Biological Psychology* (travel award).

- ## Academic Mentoring Experience

Tihan Khan & **Mia Jesen** – Currently a research assistant in Dartmouth College. 2025 -
Mentoring undergraduate students in Dartmouth Early Research Access in the Sciences (ERAS) program to gain research experiences in the sciences outside of classroom by (1) collecting empirical data and (2) having weekly meeting to learn theoretical/analytical knowledge behind ongoing research project. .

Natalia Schmitter-Emerson – Currently a research assistant in Dartmouth College. 2025 -
Mentoring undergraduate research assistant in develop independent project on multisensory perception.

Ehigialoya Okojie – Currently a PhD student in Neuroscience at UNC Chapel Hill (Advised by Dr. Charlotte Boettiger) *Mentoring Ehi throughout post-baccalaureate Research Education Program (PREP), investigating functional connectivity between brain regions under category-selective attention and distraction condition.*	2023 - 2024
Jake Ferreira – Currently a Lead Associate at Veeva Systems *Mentoring Jake with undergraduate thesis project (The Ohio State University), investigating how human visual system maintain phenomenological stability across eye movement, using a blanking paradigm (Choi et al., 2025, Cognition).*	2023 - 2024
Zihan Bai – Currently a PhD student at New York University *Mentoring undergraduate thesis project (The Ohio State University), investigating the role of background scene context on object-location binding. Together, we conducted three behavioral experiments and presented the results as a poster at 2022 VSS.*	2019 - 2022

- ## Grants & Funndings

CompX Faculty Grant, Neukom Institute for Computational Science, $40,000 (Role: Co-PI)	2026	Apr

- ## Awards & Honors

Postdoc Professional Development Award ($750) by Guarini School of Graduate and Advanced Studies, Dartmouth College, New Hampshire, USA	2026	Apr
Best oral presentation at the Center for Cognitive and Behavioral Brain Imaging research day, 2023, Columbus, Ohio, USA	2023	Dec
1st award from poster presentations for a Social and Behavioral Sciences at the Edward F. Hayes Advanced Research Forum.	2023	Feb
Travel Award for a poster presentation at the Korean Society for Cognitive and Biological Psychology annual conference.	2021	Jul
Distinguished Thesis, Yonsei University	2020	Dec
Travel Award for a poster presentation at the Korean Society for Cognitive and Biological Psychology annual conference.	2019	Feb
Excellence Award in Computational Neuroscience Winter School. Korean Society for Computational Neuroscience	2018	Feb

- ## Scholarships / Fellowships

Annual Summer Graduate Research Award, *The Center for Cognitive and Brain Sciences, The Ohio State University* (Primary Advisor: Dr. Julie D. Golomb, Visiting Advisor: Dr. Deyue (Dion) Yu)	2025	May-Aug
Graduate Student Scholarship (Graduate Student Research Excellence Award), *Department of Psychology*, The Ohio State University	2023	May-Aug
Social and Behavioral Sciences (SBS) Graduate Scholarship, *College of Arts and Sciences, The Ohio State University*	2022	May-Aug
University Fellowship, *Graduate School, The Ohio State University*	2021	
Scholarship funded by Brain Korea 21+, *Ministry of Education, South Korea.*	2019	Mar-Aug
Scholarship funded by Yonsei University for accelerated bachelor / master's scholarship program.	2018 - 2019	

- ## Ad Hoc Reviewing

Memory & Cognition (2026)

• Service & Leadership

Korean American Scientists and Engineers Association (KSEA), Ohio chapter, Web master	2025 Jan-Aug
Center for Cognitive and Behavioral Brain Imaging (CCBBI) Student Group, Technical Director.	2022 - 2023
Founding member and Vice-President of CogSci:IN, Student Society of Cognitive Science at Yonsei University	2017 - 2018
Military service obligation – Seobu Police Station, Daejeon, Republic of Korea	2013 - 2015
Volunteer staff in KSCS (The Korean Society for Cognitive Science) annual spring conference at Sogang University.	2013 May

• Extra-curricular Activities

Kavli Summer Institute in Cognitive Neuroscience (Santa Barbara, CA)	2022 Jun
Computer Neuroscience Winter School (Daejeon, South Korea) - Korean Society for Computational Neuroscience	2018 Feb
