

Yong Min Choi

최용민 (崔容敏)

E-mail yong.min.choi@dartmouth.edu
 Website <https://yongminchoi93.github.io>
 Current Affiliation Dartmouth College
 (<https://sites.dartmouth.edu/stoermerlab/>)

• Appointments

Post-doctoral Research Associate
Dartmouth College, Hanover, New Hampshire, USA
 Dept of Psychological and Brain Sciences

2025 Aug -

Advisor: Dr. [Viola S. Störmer](#)

• Education

The Ohio State University, Columbus, Ohio, USA
 Ph.D. in Cognitive Neuroscience, Dept of Psychology
 M.S. in Cognitive Neuroscience, Dept of Psychology

2020 - 2025

Advisor: Dr. [Julie D. Golomb](#)

Yonsei University, Seoul, South Korea
 M.S. in Cognitive Science, Dept of Psychology

2018 - 2020

Advisor: Dr. [Sang Chul Chong](#)

Yonsei University, Seoul, South Korea
 B.A in Psychology (Joint major in Cognitive Science)

2012 - 2018

Advisor: Dr. [Sang Chul Chong](#)

Choi, Y. M* & Golomb, J. D.^ψ. (in preparation). Distinct Forms of Pre-saccadic Remapping in the Human Brain: A Voxel-Wise Predictive Encoding Model Approach

Choi, Y. M* & Störmer, V. S.^ψ. (in preparation). Sustained Auditory Spatial Attention Facilitates Visual Processing

- **Invited Presentations**

Choi, Y. M. (Apr 2026, *In-person*). Introduction to Eye-tracking in Cognitive Psychology. Invited Lecture in *Bilingualism in the Spanish Speaking World* (SPAN53.03), Instructor: [Dr. Roberto Rey Agudo](#), Department of Spanish and Portuguese, Dartmouth College, New Hampshire, USA

Choi, Y. M. (Mar 2026, *In-person*). The Multisensory Brain: Spatial Integration and Neural Architecture. *Science and Art of Human-AI Systems Lab* ([SAHAS Lab](#); PI: Dr. Nikhil Singh), Computer Science Department, Dartmouth College, New Hampshire, USA.

Choi, Y. M. (Dec 2025, *In-person*). Human Visual Perception Across Eye Movements: Predictive Remapping of Receptive Fields. *Department of Psychology, Chungbuk National University, South Korea*.

Choi, Y. M. (Jun 2025, *In-person*) Through the Eyes of the Brain: Receptive Field Remapping in the Human Visual Cortex. [CCBS Undergraduate Summer Institute](#), The Ohio State University, Ohio, USA.

Choi, Y. M. (Apr 2025, *virtual*). Through the Eyes of the Brain: Maintaining stable visual perception across saccadic eye movements. *Joint Lab Meeting at Dartmouth College* (PI: Dr. Brad Duchaine, Dr. Caroline Robertson, Dr. Peter Tse and Dr. Viola Störmer), Hanover, New Hampshire, USA.

Choi, Y. M. (Mar 2025, *In-person*). Through the Eyes of the Brain: Receptive Field Remapping in the Human Visual Cortex. 2025 [Midwest Regional Conference \(MRC\)](#), Urbana, Illinois, USA.

Choi, Y. M. (Aug 2024). Visual perception and saccadic eye movements: perceptual impairment and stability mechanisms. *Vision and Perception Neuroscience Lab* (PI: Dr. Kalanit Grill-Spector), Stanford University, CA, USA. (*Virtual*)

Choi, Y. M. (Jun 2024). Visual perception and saccadic eye movements: perceptual impairment and stability mechanisms. *Laboratory of Brain and Cognition* (PI: Dr. Chris Baker), National Institute of Mental Health, MD, USA. (*Virtual*)

- **Conference Presentations: Talk**

Choi, Y. M. & Golomb, J. D. (May 2025). Voxel-wise predictive encoding models reveal evidence for pre-saccadic remapping in the human visual cortex. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y. M., Chiu, T. Y., Golomb, J. D. (May 2024). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y. M., Chiu, T. Y., Golomb, J. D. (Nov 2023). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *Center for Cognitive and Behavioral Brain Imaging research day*, 2023, Columbus, Ohio, USA.

Choi, Y. M. & Golomb, J.D. (April 2022). Department of psychology Spring Graduate Student Research Forum.

Choi, Y. M., Cho, J. E., & Chong, S. C. (July 2021). Interaction between current perception and recent multi-feature ensemble representations depending on task-relevance. *the Korean Society for Cognitive and Biological Psychology*.

Choi, Y. M., Cho, J. E., & Chong, S. C. (June 2021). Task-irrelevant statistical ensemble memory of a scene affects current perception. *the Virtual Working Memory Symposium*.

Choi, Y. M., Park, H. S. (May 2016). The effect of sleep on the type of memory associated with a traumatic event. *The Korean Society for Cognitive Science Annual Spring Conference*.

- **Conference Presentations: Poster**

Choi, Y. M., Störmer, V. (June 2026). Sustained Auditory Spatial Attention Facilitates Visual Processing. *The 24th International Multisensory Research Forum*, Genoa, Italy.

Choi, Y. M., Störmer, V. (May 2026). Sustained Auditory Spatial Attention Facilitates Visual Processing. *the Vision Sciences Society annual conference*, Florida, USA.

Choi, Y. M., Golomb, J. D. (Dec 2025). Voxel-Wise Predictive Encoding Models Reveal Evidence for Pre-Saccadic Remapping in the Human Visual Cortex. *Society for Neuroscience*, San Diego, California, USA.

Choi, Y. M., Golomb, J. D. (Dec 2024). Voxel-Wise Predictive Encoding Models Reveal Evidence for Pre-Saccadic Remapping in the Human Visual Cortex. *Center for Cognitive and Behavioral Brain Imaging research day*, Columbus, Ohio, USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Jun 2024). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *Organization for Human Brain Mapping, 2024*, Seoul, Republic of Korea.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Nov 2023). Behavioral and neural correlates of impaired scene perception following saccadic eye movements. *The Society for Neuroscience*, Washington, D.C., USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(May 2023). Post-saccadic impairment of scene perception. *the Vision Sciences Society annual conference*, Florida, USA.

Choi, Y.M., Chiu. T. Y., Golomb, J. D.(Feb 2023). Exploring Scene Perception Following Saccadic Eye Movements. *Edward F. Hayes Advanced Research Forum*, The Ohio State University, Ohio, USA.

Choi, Y.M., Golomb, J. D.(Nov 2022). Stimulus regularities help protect visual perception from peri-saccadic impairment. *OPAM*, Boston, USA.

Choi, Y.M., Golomb, J. D.(May 2022). The effect of stimulus regularity on peri-saccadic perception. *the Vision Sciences Society annual conference*, Florida, USA.

Choi, Y.M., Golomb, J. D.(June 2021). Does average size of an ensemble bias individual size representations during perception or working memory retention?. *the Virtual-Vision Sciences Society annual conference*.

Choi, Y.M., Chong, S. C. (June 2020). The effect of holding multi-feature ensemble in visual working memory on perception. *the Virtual-Vision Sciences Society annual conference*.

Choi, Y.M., Chong, S. C. (May 2019). Attending to individual size modulates mean size computation. *the Vision Sciences Society annual conference* in Florida, USA.

Choi, Y.M., Chong, S. C. (Feb 2019). Effect of attention on individual size in mean size computation. *the Korean Society for Cognitive and Biological Psychology* (travel award).

- **Academic Mentoring Experience**

[Ji Woo \(Eileen\) Chae](#) – Currently a research assistant in Dartmouth College.

2026 -

[Tihan Khan](#) & [Mia Jesen](#) – Currently a research assistant in Dartmouth College.
Mentoring undergraduate students in [Dartmouth Early Research Access in the Sciences \(ERAS\) program](#) to gain research experiences in the sciences outside of classroom by (1) collecting empirical data and (2) having weekly meeting to learn theoretical/analytical knowledge behind ongoing research project. .

2025 -

[Natalia Schmitter-Emerson](#) – Currently an associate at Commercial Due Dilligence.
Mentoring undergraduate research assistant in develop independent project on multisensory perception.

2025 - 2026

Ehigialoya Okojie – Currently a PhD student in Neuroscience at UNC Chapel Hill (Advised by Dr. Charlotte Boettger) <i>Mentoring Ehi throughout post-baccalaureate Research Education Program (PREP), investigating functional connectivity between brain regions under category-selective attention and distraction condition.</i>	2023 - 2024
Jake Ferreira – Currently a Senior Associate at Veeva Systems <i>Mentoring Jake with undergraduate thesis project (The Ohio State University), investigating how human visual system maintain phenomenological stability across eye movement, using a blanking paradigm (Choi et al., 2025, Cognition).</i>	2023 - 2024
Zihan Bai – Currently a PhD student at New York University <i>Mentoring undergraduate thesis project (The Ohio State University), investigating the role of background scene context on object-location binding. Together, we conducted three behavioral experiments and presented the results as a poster at 2022 VSS.</i>	2019 - 2022

• Grants & Fundings

CompX Faculty Grant , Neukom Institute for Computational Science, \$40,000 (Role: Co-PI)	2026	Apr
--	------	-----

• Awards & Honors

Postdoc Professional Development Award (\$750) by Guarini School of Graduate and Advanced Studies, Dartmouth College, New Hampshire, USA	2026	Apr
Best oral presentation at the Center for Cognitive and Behavioral Brain Imaging research day , 2023, Columbus, Ohio, USA	2023	Dec
1 st award from poster presentations for a Social and Behavioral Sciences at the Edward F. Hayes Advanced Research Forum .	2023	Feb
Travel Award for a poster presentation at the Korean Society for Cognitive and Biological Psychology annual conference.	2021	Jul
Distinguished Thesis, Yonsei University	2020	Dec
Travel Award for a poster presentation at the Korean Society for Cognitive and Biological Psychology annual conference.	2019	Feb
Excellence Award in Computational Neuroscience Winter School. Korean Society for Computational Neuroscience	2018	Feb

• Scholarships / Fellowships

Annual Summer Graduate Research Award, <i>The Center for Cognitive and Brain Sciences, The Ohio State University</i> (Primary Advisor: Dr. Julie D. Golomb, Visiting Advisor: Dr. Deyue (Dion) Yu)	2025	May-Aug
Graduate Student Scholarship (Graduate Student Research Excellence Award), <i>Department of Psychology, The Ohio State University</i>	2023	May-Aug
Social and Behavioral Sciences (SBS) Graduate Scholarship, <i>College of Arts and Sciences, The Ohio State University</i>	2022	May-Aug
University Fellowship, <i>Graduate School, The Ohio State University</i>	2021	
Scholarship funded by Brain Korea 21+, <i>Ministry of Education, South Korea.</i>	2019	Mar-Aug
Scholarship funded by Yonsei University for accelerated bachelor / master's scholarship program.	2018 - 2019	

• Ad Hoc Reviewing

Memory & Cognition (2026)	2026 -
Journal of Cognitive Neuroscience (2026)	2026 -

- **Service & Leadership**

Korean American Scientists and Engineers Association (KSEA), Ohio chapter, Web master	2025 Jan-Aug
Center for Cognitive and Behavioral Brain Imaging (CCBBI) Student Group , Technical Director.	2022 - 2023
Founding member and Vice-President of CogSci:IN, Student Society of Cognitive Science at Yonsei University	2017 - 2018
Military service obligation – Seobu Police Station, Daejeon, Republic of Korea	2013 - 2015
Volunteer staff in KSCS (The Korean Society for Cognitive Science) annual spring conference at Sogang University.	2013 May

- **Extra-curricular Activities**

Kavli Summer Institute in Cognitive Neuroscience (Santa Barbara, CA)	2022 Jun
Computer Neuroscience Winter School (Daejeon, South Korea) - Korean Society for Computational Neuroscience	2018 Feb
